FORTACO**

THE WAY FORWARD

We combine our specialized technology competences and profound industrial understanding to meet our customers' needs.

We offer attractive manufacturing capabilities, we have the willingness and ability to shape the technology and industry offering, and a wide range of products to be the preferred Tier 0.5 partner.

We benchmark ourselves to the automotive industry and standards to secure maximized value add for our customers as a true Tier 0.5 partner. We have the right quality, the right delivery accuracy and the right price.

OUR OFFERING – FROM CONCEPT TO MANUFACTURING

Fortaco Technology

Your preferred partner from concept to manufacturing, combining knowledge with digitalization. We are the preferred partner in product development and manufacturing technology. We are supporting our customers with product concepts, new materials, product design, manufacturing technology and new product implementation.

Fortaco Assembly

Your turnkey supplier from module to final assemblies in the off-highway industry. We take the full ownership of our customers' assembly operations. Our offering includes a broad range of assembly services and we are proactively identifying technologies to increase productivity.

Fortaco Vehicle Cabin

Your development and manufacturing partner in the off-highway equipment industry. With our product development and manufacturing excellence we are focusing on comfort, safety and ergonomics of operators.

Fortaco Steel Fabrication

Your manufacturing partner transforming steel into state-of-the art products to the off-highway and marine industries. Design-to-Manufacturing advisory and automatized manufacturing processes ensure that your component meets the highest requirements on quality and price.

SAFETY & QUALITY

Our commitments

30+

Years of experience in vehicle cabins

200

Net sales (MEUR)

75.000

Tons of steel

40+

Years of experience in steel fabrications

50

Welding robots

2300

Employees globally

FIELD OF EXPERTISE

Material Handling

Mobile equipment for global logistics industry

Construction

Mobile equipment for global construction industry

Mining

Mobile equipment for underground and surface mining

Forestry

Mobile equipment for mechanized wood harvesting

Marine, Energy

Power and deck machinery solutions for marine and energy industry

Other Industries

Mobile and stationary equipment for various industries, like defense, agriculture, food processing

- Construction Equipment
- Container Handling
- Energy
- Forestry
- Material Handling
- Mining
- Other Industries
- Recycling
